

Graphic design engineer

NFI is a global leader in the production of custom, high-performing graphic solutions that are customized and crafted with superior quality and durability to a variety of industries. With over 40 years of craftsmanship, our talented and skilled staff works with companies and clients to provide transformative solutions of the highest quality and value. We pride ourselves on exceptional customer service and a dedication to safety and the environment.

We are seeking an **Experienced Graphic Design Engineer** with a dynamic personality to join our team! You will create graphics to meet production specifications for high quality graphic overlays, faceplates, nameplates, labels, and keypads. Computer Design Skills as well as the ability to read and interpret dimensional drawings is required.

Responsibilities:

- Create eye-catching graphics and engaging designs
- Interpret customer-supplied CAD drawings to meet specific artwork requirements
- Work in a team environment as part of our Design Studio
- Handle graphic projects from start to finish
- Develop and maintain image library files
- Interact with customers both internal and external
- Coordinate with outside agencies and services as needed
- Submit design proofs for project approval

Qualifications:

- Previous experience in graphic design and/or other related fields
- Good working knowledge of Adobe Photoshop, InDesign and Illustrator
- Ability to work with Mac computers is required
- Windows/PC knowledge is helpful
- Possess graphic design portfolio

- Good spelling, grammar, and proofreading skills
- Ability to read a ruler, interpret CAD/Mechanical drawings
- Good math and geometry skills
- Understanding of basic color theory and color spaces
- Understanding of image resolution
- Ability to work with vector illustration tools
- Deadline and detail-oriented
- Available to work 40 hours a week between the hours of 8am and 5:30pm

We offer a safe, affirming and positive workplace, a comprehensive benefits package including health, dental, vision, 401k, paid time off, and other rewards.
